What are the strenghts and weaknesses of the course?

*It was a great class

*The subject is very interesting. As a foreign student,it really helped me understand the Italian political,economical,social and cultural structures

*-Course load was good, particularly for a summer class -Was a bit back loaded with the presentations

*Good course plan-covers mainly aspects of Italian society

*Extremely interesting topic

*Covers many topics on Italian society,not enough time to go in depth

What are the strenghts and weaknesses of the Professor?

*It is summer session so he didn't have time to cover everything

*The professor is very good and it shows in the way he deals with the class.

*Strengths:his lecture style was interesting and engaging, he had interesting anecdotes to support the facts.

*Explains past events in chronological order as if it was a story. It is easier to pay attention and follow this way!

*Prof. Simoncini explains everything clearly and makes everything easy to understand.

*Funny,brilliant, able to relate the material.

*No weaknesses,very effective professor

Any other comments?

***Great class**

***Learned a lot-good course!**
