**Academic Policies (see also the [University Catalogue](https://my.richmond.ac.uk/Uniorg/policies_and_procedures/default.aspx) and the policies detailed at: [https://my.richmond.ac.uk/Uniorg/policies\\_and\\_procedures/default.aspx](https://my.richmond.ac.uk/Uniorg/policies_and_procedures/default.aspx))**

Students must read and comply with all the requirements of the regulations and policies listed at the weblinks below. Students are expected to make themselves aware of the requirements of the Attendance Policy, the Lateness to Classes, Examinations Policy, the Late Submission of Coursework

Policy and Exceeding Word Limit and Question Choice policy at the beginning of the semester.

### **Academic Dishonesty:**

*Academic dishonesty is any action by which a student in any academic exercise seeks to: claim credit for the intellectual or artistic work of another person; or uses unauthorized materials or fabricated information; or engages in an unauthorized editing process.*

You can find a list of the actions that might lead to you committing academic dishonesty on the web pages. If you are not sure about what would constitute dishonesty after reading the full policy details you should ask for more information from the course instructor, your academic advisor, another member of academic staff, the Writing Centre, or Student Affairs.

Full details of Richmond's Academic Dishonesty policy are found at:

<https://my.richmond.ac.uk/myacademics/default.aspx>

Students who are academically dishonest will receive a penalty for the work in question or the course as a whole (which may in turn impact upon their degree classification), depending on the importance of the work to the overall course grade and the judgment of the instructor and the relevant exam board.

### **Contract Cheating:**

Contract cheating is defined as the submission of course work written on behalf of the student by a third party, or the taking of an exam for a student by a third party, and is taken very seriously by the University. Students proven to have engaged in such practices will be dealt with according to the strongest possible penalty, which may include expulsion from the University.

### **The Richmond Attendance Policy:**

This course follows the University's Attendance Policy. Full details of Richmond's attendance and lateness policies are found at:

<https://my.richmond.ac.uk/myacademics/default.aspx>

### **Absence Recording:**

Attendance is taken by instructors in on-line registers within the University's student records system during each course session and entered into the Self-Service record within 24 hours of each class.

Registers are updated as students add and drop courses, and attendance in all courses is taken from the first day the student registers for that course, including Add/Drop week.

Attendance is recorded at the beginning of the class session (see the University policy on Lateness to Classes). Any student not present in the class when attendance is taken is officially late for the session and must be marked as absent.

A student who enters within the first 20 minutes of a teaching session, but after attendance has been taken and an absence has been registered, is responsible for alerting the lecturer to their presence and negotiating a change to an attendance entry. Changing an entry is entirely at the discretion of the instructor, and such a change will not be considered at any other time than on the actual date of the class.

Students may review their attendance record for their courses at any time in their Self-Service accounts and are expected to remain alert to the number of their absences.

Every absence from class, regardless of reason, is recorded as Unexcused.

*The University is obliged to report to UK Visas and Immigration (UKVI) any student who is in the UK on a Tier 4 visa but who is not attending classes.*

### **Late submission of academic work:**

Any item of work submitted late will be subject to an automatic deduction of one increment on the letter grade scale (e.g. the grade will be reduced from B to B-, or from C- to D+) per day.

Any coursework submitted more than one week (seven days) after the original deadline will receive a grade of F.

Where there may be mitigating circumstances for the late submission the instructor must be informed in advance, by email, and evidence provided to the instructor *in writing* when the course work is submitted.

See the full late submission policy at: <https://my.richmond.ac.uk/myacademics/default.aspx>

### **Exceeding Word Limit and Question Choice:**

The word limit is defined as the uppermost word limit in a range given to an assignment. Assessments are designed to enable the student to answer the assignment without going over the word limit. Penalties will be given for work that excessively exceeds the word limit. There is a 10% leeway before penalties apply.

See penalties and full policy at:

<https://my.richmond.ac.uk/myacademics/default.aspx>

### **Feedback Norms:**

The university has defined expectations as to the nature and timeliness of feedback on assigned work. Students should make themselves aware of these norms, and they are located on the portal at:

<https://my.richmond.ac.uk/myacademics/default.aspx>

### **Examination Regulations:**

Guidance on examination regulations and expected behavior for students is on the Academic Registry page of the Student Portal (<https://my.richmond.ac.uk/registration/exams/default.aspx>). However, please note particularly the following University Policies:

Midterm exams are normally held during the designated weeks published in the academic calendar found in the relevant [University Catalogue](#). Any faculty member wishing to hold a midterm on a different date requires the approval of the Dean, and will inform students accordingly.

Final exams are held over a five-day period following the last day of classes in the Fall and Spring semesters. Exams are not held in the same timeslots as class sessions. The dates of the official exam period are published in advance in the official academic calendar (see link above). Students are responsible for remaining in London until the end of the official examination period – the university reserves the right to make any necessary changes to the schedule. Any such changes to the schedule will be centrally-administered by the Academic Registry and reported to students.

Students and instructors may not make private arrangements to reschedule any University exams. Requests for an opportunity to re-sit must be made by petitioning the Academic Progress Committee <https://my.richmond.ac.uk/registration/forms/default.aspx>.

Final examinations in summer sessions take place on a single day following the last day of classes.

Students must bring their Richmond student ID card to every examination.

### **Academic support for studies:**

The University Writing Center and Language Workshop are available to all students who want help with academic tasks. The University Mathematics Workshop is available to all students who need help with academic mathematics. Venues and times for these workshops are posted towards the end of the first week of the semester, and can be found under “Support for your studies” at <https://my.richmond.ac.uk/registration/procedures/SitePages/Home.aspx>

Library staff can help students with questions about research and/or accessing information. Book an appointment with a librarian ([info@richmondinrome.it](mailto:info@richmondinrome.it)).

### **Students with Additional Needs:**

The University makes a variety of special provisions in exams and assessment for students with a diagnosed learning disability. Students must follow the requirements outlined at <https://www.richmond.ac.uk/study-abroad-at-richmond/students-with-additional-needs/> for these arrangements to be made, and it is important that this is done in good time. The student and their instructors are informed of the provisions after they are approved, and reminders are sent to students and invigilators shortly before the examinations.
